## Fender Custom Shop Rory Gallagher Original 40 Model John Cruz

Log in or Register to leave a product review

### Product Overview

You just don't see these on thre market, ever! One of the original John Cruz Built Rory Gallagher Strats from 2000.

Only 40 of these were made and it was literally the start of massive things for John Cruz and his rise to the top as a Fender Custom Shop Masterbuilder.

I know you can get a team built one of these now for just over £3,000 but the ageing on this guitar is just so much better. They were all aged by hand, rather than using the template system that they use now

This guitar has an amazing back story as well, so call John for more info on 01376 553016.

Comes with original hcase and certificate etc. The case has a rip in the tolex but we could supply another case, if it really bothers you.

Latest Peach Reviews

# £7,999.00 Inc Vat

or £217.75 per month

This item is available to purchase on finance, the above per month price is based on the popular '12 month Buy Now Pay Later' option if you don't pay anything off within the interest free differed period. If you paid the balance off within the 12 months, you'd not have any regular monthly payments and incur no interest. To see all options available for this product click on the Divido logo above. To purchase this item on finance add to basket and select 'Divido Finance' as your payment method on the confirmation page. Any questions or assistance needed, please feel free to get in touch.
